

“Do it for the kids!”

Thank you for participating in the Sanford Health Foundation Great American Bike Race (GABR). Money raised will help children and young adults with cerebral palsy and related disabilities. We hope the following information will assist you in acquiring donations.

Donation collecting

All riders are asked to raise at least \$100. Please ensure all checks are made payable to Sanford Health Foundation. Brochures about the bike race are included for distribution. Tell your donors the facts. Your enthusiasm for the event will rub off on those around you.

Receipts

Donations are tax deductible. The IRS requires a canceled check for a pledge to be deductible. A thank you letter/receipt will be sent to all donors upon receipt of their funds. If a cash donor would like to receive a thank you letter/receipt you will need to include their name and address on the enclosed pledge form.

Prizes

All participants are eligible to win door prizes throughout the event. Participants who collect \$300 or more in donations will be included in a special drawing at the end of the event for bigger and better prizes.

Pledge sheets and collection

Please assist us by keeping neat and accurate records on your donation sheets. If you know you will need more than one sheet to record donations, please make the appropriate number of copies before you begin recording. Return this form and donations to the Sanford Health Foundation, 701 E. Rosser Ave. – 4th Floor prior to the event or when checking in on the day of the race in the donation envelope provided.

If you have any questions or concerns, please contact your team captain for assistance or call the Race Headquarters at (701) 323-8450 or email bikerace@sanfordhealth.org.

Thank you for your participation.

The mission of the Sanford Health Foundation Great American Bike Race is to support children and young adults with cerebral palsy and other related childhood onset conditions permanently affecting development.
